## GUIDELINES

1. Chinese Foundation for Hepatitis Prevention and Control; Chinese Society of Infectious Disease and Chinese Society of Hepatology; Chinese Medical Association; Liver Disease Committee of Chinese Research Hospital Association. Consensus on clinical application of transient elastography detecting liver fibrosis: a 2018 update. *Zhonghua Gan Zang Bing Za Zhi* 2019;27(3):182-191.
2. Ferraioli, G., V. W. Wong, et al. Liver Ultrasound Elastography: An Update to the World Federation for Ultrasound in Medicine and Biology Guidelines and Recommendations. *Ultrasound in Medicine and Biology* 2018.
3. Thursz, M. EASL Clinical Practice Guidelines: Management of alcohol-related liver disease. *Journal of Hepatology* 2018;69(1):154-181.
4. Chalasani, N., Z. Younossi, et al. The diagnosis and management of nonalcoholic fatty liver disease: Practice guidance from the American Association for the Study of Liver Diseases. *Hepatology* 2018;67(1):328-357.
5. Association Française pour l'étude du Foie, A. Recommandations AFEF pour l'élimination de l'infection par le virus de l'hépatite C en France. - 2018.
6. Horowitz, J. M., I. R. Kamel, et al. ACR Appropriateness Criteria((R)) Chronic Liver Disease. *J Am Coll Radiol* 2017;14(11s):S391-s405.
7. Lim, J. K., S. L. Flamm, et al. American Gastroenterological Association Institute Guideline on the Role of Elastography in the Evaluation of Liver Fibrosis. *Gastroenterology* 2017;152(6):1536-1543.
8. Singh, S., A. J. Muir, et al. American Gastroenterological Association Institute Technical Review on the Role of Elastography in Chronic Liver Diseases. *Gastroenterology* 2017;152(6):1544-1577.
9. Blond, E., E. Disse, et al. EASL-EASD-EASO clinical practice guidelines for the management of non-alcoholic fatty liver disease in severely obese people: do they lead to over-referral? *Diabetologia* 2017;60(7):1218-1222.
10. (APASL) Asian-Pacific Association for the Study of the Liver (APASL) consensus guidelines on invasive and non-invasive assessment of hepatic fibrosis: a 2016 update. *Hepatology International* 2017;11(1):1-30.
11. Dietrich, C. F., J. Bamber, et al. EFSUMB Guidelines and Recommendations on the Clinical Use of Liver Ultrasound Elastography, Update 2017 (Short Version). *Ultraschall in der Medizin* 2017;38(4):377-394.
12. (SAGES) (2016). SAGES endorsement statement VCTE, South African Gastroenterology Society (SAGES).
13. Barr, R. G., G. Ferraioli, et al. Elastography Assessment of Liver Fibrosis: Society of Radiologists in Ultrasound Consensus Conference Statement. *Ultrasound Quarterly* 2016;32(2):94-107.
14. Marchesini, G. EASL-EASD-EASO Clinical Practice Guidelines for the management of non-alcoholic fatty liver disease. *Journal of Hepatology* 2016;64(6):1388-402.
15. Acoustic Radiation Force Impulse Imaging for Diagnosis and Monitoring of Liver Fibrosis in Patients with Hepatitis C: A Review of Diagnostic Accuracy, Clinical Effectiveness, Cost-Effectiveness, and Guidelines. Ottawa ON, 2016 Canadian Agency for Drugs and Technologies in Health.
16. de Franchis, R. and V. I. F. Baveno. Expanding consensus in portal hypertension: Report of the Baveno VI Consensus Workshop: Stratifying risk and individualizing care for portal hypertension. *Journal of Hepatology* 2015;63(3):743-52.
17. International Network for Hepatitis in Substance Users (INHSU). Recommendations for the management of hepatitis C virus infection among people who inject drugs. *International Journal of Drug Policy* 2015;26(10):1028-38.
18. American Association for the Study of Liver Diseases (AASLD). AASLD guidelines for treatment of chronic hepatitis B. *Hepatology* 2015;--.
19. World Federation for Ultrasound in Medicine and Biology (WFUMB). WFUMB Guidelines and Recommendations for Clinical Use of Ultrasound Elastography: Part 1: Basic Principles and Terminology. *Ultrasound in Medicine and Biology* 2015;41(5):1126-1147.
20. World Federation for Ultrasound in Medicine and Biology (WFUMB). WFUMB guidelines and recommendations for clinical use of ultrasound elastography: Part 3: liver. *Ultrasound in Medicine and Biology* 2015;41(5):1161-79.
21. Ferraioli, G., C. Filice, et al. WFUMB guidelines and recommendations for clinical use of ultrasound elastography: Part 3: liver. *Ultrasound in Medicine and Biology* 2015;41(5):1161-79.
22. (WHO) (2015). Guidelines for the prevention, care and treatment of persons with chronic hepatitis B infection, World Health Organization.

23. Non-alcoholic Fatty Liver Disease and Metabolic Syndrome-Position Paper of the Indian National Association for the Study of the Liver, Endocrine Society of India, Indian College of Cardiology and Indian Society of Gastroenterology. *Journal of Clinical and Experimental Hepatology* 2015;5(1):51-68.
24. Authority, H. H. [Diagnosis and treatment of chronic hepatitis B and D. Hungarian national consensus guideline]. *Orvosi Hetilap* 2015;156(Suppl 1):25-35.
25. England, N. Clinical Commissioning Policy Statement: Treatment of chronic Hepatitis C in patients with cirrhosis. NHS Technology Adoption Center 2015;Reference: NHS England B07/P/a.
26. American Association for the Study of Liver Diseases; Infectious Diseases Society of America. Recommendations for Testing, Managing, and Treating Hepatitis C. *HCV Guidelines* 2015;-.
27. EASL-ALEH Clinical Practice Guidelines: Non-invasive tests for evaluation of liver disease severity and prognosis. *Journal of Hepatology* 2015;63(1):237-64.
28. EASL Recommendations on Treatment of Hepatitis C 2015. *Journal of Hepatology* 2015;63(1):199-236.
29. An update on the management of chronic hepatitis C: 2015 Consensus guidelines from the Canadian Association for the Study of the Liver. *Canadian Journal of Gastroenterology & Hepatology* 2015;29(1):19-34.
30. Authority, H. H. [Diagnosis and treatment of chronic hepatitis B and D. National consensus guideline in Hungary from 12 September 2015]. *Orvosi Hetilap* 2015;156(Suppl 2):25-36.
31. Chinese Society of Hepatology; Chinese Society of Infectious Diseases; Chinese Medical Association. The guideline of prevention and treatment for chronic hepatitis C: a 2015 update. *Chinese journal of clinical hepatology* 2015;31(12):1961-1979.
32. Hungarian Ministry of Health. The chronic inflammation of the liver caused by the hepatitis C virus diagnosis and treatment procedures of financing. *Hungarian Gazette* 2015;(071).
33. (AASLD) (2015). AASLD Guidelines for Treatment of Chronic Hepatitis B, American Association for the Study of Liver Diseases.
34. Organization and provision of prescription of direct action antiviral drugs for the treatment of HCV - chronic hepatitis, cirrhosis and relapse after transplant, and management of patients who have no treatment indication. *Official Gazette of the Region of Sicily* 2015;1(8):61, 62.
35. Chinese Society of Hepatology; Chinese Society of Infectious Diseases; Chinese Medical Association. The guideline of prevention and treatment for chronic hepatitis B: a 2015 update. *Chinese journal of clinical hepatology* 2015;31(12):1941-1960.
36. Romanian Ministry of Health; National Health Insurance House. [Therapeutic protocol corresponding position No. 116 code (LB01B)]. *Official Gazette of Romania* 2015;275/162(Annex 14).
37. Thailand Practice Guideline for Management of Chronic Hepatitis B and C 2015. Bangkok, Thai Association for the Study of the Liver.
38. Ministry of Labour Health and Social Affairs of Georgia. Elimination of hepatitis C program. 2015.
39. Transient Elastography for Assessment of Liver Fibrosis and Steatosis: An Evidence-Based Analysis. *Ontario Health Technology Assessment Series* 2015;15(18):1-45.
40. Transient Elastography for Assessment of Liver Fibrosis and Steatosis: OHTAC Recommendation. *Ontario Health Technology Assessment Series* 2015;--:1-4.
41. Transient Elastography and Controlled Attenuation Parameter for Diagnosing Liver Fibrosis and Steatosis in Ontario: An Economic Analysis. *Ontario Health Technology Assessment Series* 2015;15(19):1-58.
42. Prevention, H. C. f. D. C. (2015). [Guidelines for Therapeutic Intervention in Patients with Virus Infection with Hepatitis C]. Greece, Hellenic Center for Disease Control & Prevention - Ministry of Health.
43. Authority, H. H. [Diagnosis, treatment, and follow-up of hepatitis C-virus related liver disease. Hungarian national consensus guideline]. *Orvosi Hetilap* 2014;155(Suppl 2):3-24.
44. Hunyady, B., J. Gervain, et al. [Diagnosis, treatment, and follow-up of hepatitis C-virus related liver disease. Hungarian national consensus guideline]. *Orvosi Hetilap* 2014;155(Suppl 2):3-24.
45. KASL clinical practice guidelines: management of hepatitis C. *Clinical and Molecular Hepatology* 2014;20(2):89-136.
46. Romanian national guidelines and practical recommendations on liver elastography. *Medical Ultrasonography Journal* 2014;16(2):123-38.
47. JSH Guidelines for the Management of Hepatitis B Virus Infection. *Hepatology Research* 2014;44(Suppl S1):1-58.
48. Australian liver association (ALA) expert consensus recommendations for the use of transient elastography in chronic viral hepatitis.

- Journal of Gastroenterology & Hepatology 2014;-.
49. Latin American Association for the Study of the Liver recommendations on treatment of hepatitis C. *Annals of Hepatology* 2014;13 Suppl 2:s4-66.
  50. (WHO) (2014). Guidelines for the screening, care and treatment of persons with hepatitis C infection, World Health Organization.
  51. Notice of the Minister of Health regarding the list of reimbursed drugs, foodstuffs for special nutrition purposes and medical devices. *Official Journal of the Minister of Health - Poland* 2014;(Annex B.1; Annex B.2):670-680.
  52. (ANRS) (2014). [Management of HCV and HBV infected patients]. France, Saint-Denis [France] : HAS (Haute Autorité de Santé).
  53. Hellenic Center for Disease Control & Prevention (2014). [Guidelines for Therapeutic Intervention in Patients with Virus Infection with Hepatitis C]. Greece, Hellenic Center for Disease Control & Prevention - Ministry of Health.
  54. Brazilian Ministry of Health (2013). Management of patients chronically infected with Hepatitis C (genotype 1) and advanced fibrosis, WHO Regional Office for Europe.
  55. (SBU) (2013). Transient elastography with suspected fibrosis and cirrhosis of the liver. Stockholm, 2013 by the Swedish Council on Health Technology Assessment.
  56. (NICE) (2013). NICE clinical guideline 165: Hepatitis B (chronic): Diagnosis and management of chronic hepatitis B in children, young people and adults.
  57. EFSUMB guidelines and recommendations on the clinical use of ultrasound elastography. Part 2: Clinical applications. *Ultraschall in der Medizin* 2013;34(3):238-53.
  58. KASL clinical practice guidelines: management of nonalcoholic fatty liver disease. *Clinical and Molecular Hepatology* 2013;19(4):325-48.
  59. JSUM ultrasound elastography practice guidelines: liver. *Journal of Medical Ultrasonics* 2013;40(4):325-357.
  60. The chronic inflammation of the liver caused by the hepatitis C virus diagnosis and treatment procedures of financing. *Hungarian Gazette* 2013;(071):50720, 50721, 50726, 50738.
  61. Ministry of Health of Vietnam. Guideline on HCV diagnosis and treatment. Decision no. 4817/QĐ-BYT dated 28/11/2013 by Minister of Ministry of Health 2013.
  62. Indications by the Italian Association for the Study of the Liver (AISF) on the use of triple therapy (pegylated alfa interferon + ribavirin + first-generation protease inhibitor) for the treatment of HCV genotype 1 patients. Roma, AISF, ASSOCIAZIONE ITALIANA PER LO STUDIO DEL FEGATO.
  63. (BASL) (2013). Determination of needs for patient-centered and cost-effective HCV management, Belgian Association for the Study of the Liver.
  64. Thai FDA and Bureau Of Drug Control (2013). [National List of Essential Medicine: User guideline Peginterferon alfa type 2a and 2b with Ribavirin Indication Chronic hepatitis C genotype 2,3].
  65. Amending the decision on determining main list Croatian Health Insurance. *Official Gazette of the Republic of Croatia* 2013;(47):114, 120.
  66. Minister of Health of the Russian Federation (2013). [Guidelines for the diagnosis and treatment of adult patients with hepatitis C], Minister of Health of the Russian Federation.
  67. Brazilian Ministry of Health (2013). [Management of patients chronically infected with Hepatitis C (genotype 1) and advanced fibrosis]. Clinical protocol on treatment of viral Hepatitis and co-infections. Brasília, Brazilian Ministry of Health. **Supplement 1**.
  68. Spanish society of liver transplantation (SETH) consensus recommendations on hepatitis C virus and liver transplantation. *Liver International* 2012;32(5):712-31.
  69. Hungarian consensus guideline for the diagnosis and treatment of B, C, and D viral hepatitis. *Orvosi Hetilap* 2012;153(10):375-94.
  70. Portal hypertension: recommendations for evaluation and treatment: consensus document sponsored by the Spanish Association for the Study of the Liver (AEEH) and the Biomedical Research Network Center for Liver and Digestive Diseases(CIBERehd). *Gastroenterologia y hepatologia* 2012;35(6):421-50.
  71. The diagnosis and management of non-alcoholic fatty liver disease: practice Guideline by the American Association for the Study of Liver Diseases, American College of Gastroenterology, and the American Gastroenterological Association. *Hepatology* 2012;55(6):2005-23.
  72. An update on the management of hepatitis C: consensus guidelines from the Canadian Association for the Study of the Liver. *Canadian Journal of Gastroenterology* 2012;26(6):359-75.
  73. Myers, R. P., A. Ramji, et al. An update on the management of hepatitis C: consensus guidelines from the Canadian Association for the Study of the Liver. *Canadian Journal of Gastroenterology* 2012;26(6):359-75.
  74. Consensus document of the Spanish Association for the Study of the Liver on the treatment of hepatitis B infection (2012).

- Gastroenterologia y hepatologia 2012;35(7):512-28.
75. EASL clinical practical guidelines: management of alcoholic liver disease. *Journal of Hepatology* 2012;57(2):399-420.
  76. APASL consensus statements and management algorithms for hepatitis C virus infection. *Hepatology International* 2012;6(2):409-435.
  77. Spanish Ministry of Health (2012). [Criteria and recommendations for the treatment of HCV mono-infected patients]. Madrid - Spain, Ministerio de Sanidad, Servicios Sociales e Igualdad (Spanish Ministry of Health).
  78. Spanish Ministry of Health (2012). [Criteria and recommendations for the treatment of HCV-HIV co-infected patients, transplanted patients and pediatric patients]. Madrid - Spain, Ministerio de Sanidad, Servicios Sociales e Igualdad (Spanish Ministry of Health).
  79. Italian Association for the Study of the Liver (AISF) (2012). [AISF guidelines to define the appropriateness of centers to manage Hepatitis C genotype 1 patients receiving triple therapy]. Roma, AISF, ASSOCIAZIONE ITALIANA PER LO STUDIO DEL FEGATO.
  80. KASL Clinical Practice Guidelines: Management of chronic hepatitis B. *Clinical and Molecular Hepatology* 2012;18(2):109-162.
  81. Revision and update on clinical practice guideline for liver cirrhosis. *The Korean Journal of Hepatology* 2012;18(1):1-21.
  82. World Health Organization (2012). Management of hepatitis B and HIV coinfection. HIV/AIDS treatment and care. Clinical protocols for the WHO European Region. 2012 Revisions, WHO Regional Office for Europe
